There are a couple of things to keep in mind before you start [seeing Russian women online](#) or in real life. Because Russian ladies are very popular with Western men, you want to make sure you know how to impress the ladies if you want a long term relationship. If you've been dreaming of finding the perfect girl for you, your perfect [Anastacia](#) or Irina read these tips below.

#1. If you plan to court a Russian lady on-line, always be honest about who you are during your relationship. If you've found your match on a dating site, email her to display your interest in her. If her reply to you indicates that she has the same feelings as you, you could move the relationship to the next level.

#2. Do not indulge in a digital relationship for a very long time, since it is useless daydreaming without ever talking to the real Russian girl. The good news is, today's advanced technology offers various means to hook up with people from the opposite side of the globe. Everybody has a cellphone or a laptop with internet connection. If the lady of your dreams is located in Russia, you could ask her to video chat with you. It's best to also ask for her telephone number so that you could give her a call to understand her better prior to organizing your first meeting. If the lady you are interested in says that she doesn't have a cell phone, or she is unable to talk on the video chat, take this as a warning. There is a true possibility that the lady isn't real, or not attracted to you.

#3. Take your romance to the next level when you can. If you have been online dating for a while now, it's not a bad idea to move the romance further and meet in person. Like that there is no room for deception. Many men are scared of getting real with the Russian girl that they are seeing. They send hundreds of messages, but do nothing to move their relationship further. On the other hand, some men can't stand the idea of putting things off and can't wait to move on as fast as possible. If you make your move fast and sensibly, she'll appreciate the gesture, and she can be sure that you are serious about her and this relationship. It is so easy to communicate nowadays, and you should really make

use of this.

#4. As soon as you have started talking to her, you can think of her as your online dating partner. Now, planning your first real life meeting would not take too long as you're chatting with her regularly. You should leave it up to your girl to decide how she wants to meet for the very first time. Most Russian ladies want their dates to come to their country. Then again, you could surprise your sweetheart and meet her at a wonderful holiday resort instead! Don't delay in organizing the first meeting with her. If you have a feeling that things have been going great there is nothing wrong with wanting to see her in person. It's sure that she'll only think it is very sweet.
